FLUOR corporate sponsorship Holiday Card competition since 2009

Meet the Artist

Breanna Haliczuk is an art student at Centennial High School in Calgary, Alberta. Her piece was chosen as the winning selection for Fluor's 2009 holiday card.

Breanna's painting is based on the masterwork *Girl with the Pearl Earring* by Johannes Vermeer. By turning the headpiece into a toque and completing the canvas with a winter setting, Breanna offers a unique Canadian twist to this much-loved portrait.

Preparing students for life and work is the goal of the educational partnership between Centennial High School and Fluor. The partnership supports academic and experiential learning to benefit the students, the school and the community.
